### German spy-prisoner exchange completed

Bonn (Reuter)—East Germany has completed its side of a spy-and-prisoner swap with West Germany which involved the release this month of a top East German agent, Guenter Guillaume, a senior Bonn government official said yesterday.

Heinz Kreutzmann, state secretary in the Inter-German Affairs Ministry, told Parliament the exchange deal with East Berlin had been kept to the letter. Bonn said earlier this month that nine persons convicted of spying in East Germany were freed in return for the release of five East German agents.
